

# SWIMMING POOLS

A container of water used for swimming or bathing purposes, of any depth or size if wholly or partially sunk beneath adjacent ground level. If erected above ground, the same shall be covered under the terms of this Ordinance only if it is more than twenty-four (24) inches in depth. As herein defined the term "Swimming Pool" shall be considered to be a structure.

Swimming Pool Accessory to a Single-Family Dwelling:

1. The pool is intended and is to be used solely for the enjoyment of the occupants of the principal use of the property on which it is located and their guests.
2. The pool, including any deck areas or accessory structures, must meet all yard and setback requirements of the zoning district of which the property is located.
3. The swimming pool, or the entire property on which it is located, shall be so walled or fenced so as to prevent uncontrolled access by children from the street or from adjacent properties. Said fence or wall shall meet all requirements under ASTM Standards designation F-1908-06, as amended, and it shall be maintained in good condition.

Private garages, storage sheds, swimming pools and similar structures shall follow the setbacks requirements of the zoning district it is located in.

## BUILDING PERMIT APPLICATION SUBMITTAL REQUIREMENTS

All permit applications must have:

1. A site plan showing the proposed addition, the outside dimensions of the structure, the distances in feet, to the front, sides and rear property lines.
